

PROJECT MANAGER

Looking for a new challenge? Interested in joining a team with the goal of encouraging economic growth and increasing job opportunities in Alaska? Then check out the details of our **AIDEA Project Manager** position with Alaska Industrial Development and Export Authority (AIDEA).

Our Project Manager is responsible for managing the implementation and operation of AIDEA owned and financed development projects to assure that AIDEA's mission to promote, develop, and advance economic growth and diversification in Alaska is being achieved.

AIDEA's role in Alaska's infrastructure development is to provide development project financing in coordination with private sector investment in Alaska's commercial and industrial economic sectors. AIDEA has the authority to enter into an ownership role as part of its financial commitment, as well as providing financing through more traditional approaches. This position has a leadership role in the on-going asset management of AIDEA's project investments.

We're looking for someone who has a bachelor's degree in engineering or related field. A Master's degree in engineering, engineering/project management or a related field is desirable but not mandatory. A minimum of 7-12 years of experience in the management and development of projects from inception through completion and start-up required. Experience in the management of design and construction of infrastructure projects strongly preferred. Registration as a PE or PMP is desirable but not mandatory.

For more information, or to apply online, visit **www.aidea.org**. Send application and/or resume to Human Resources, AIDEA, 813 W. Northern Lights Blvd., Anchorage, AK 99503, by fax to (907) 771-3946.

AIDEA is an EEO/ADA employer. Individuals requiring accommodations should call 1-800-587-0430 or (907) 465-3412 (TTY).
