Ronald W. Miller
Executive Director
Alaska Energy Authority
813 West Northern Lights Boulevard
Anchorage, Alaska 99503

Via Facsimile (907) 269-3044 and U.S. Mail

Dear Mr. Miller:

Inasmuch as MEA has proposed to acquire the Alaska Intertie, prudent utility practice and standard due diligence requires that we obtain the historic records related to that facility. Therefore, pursuant to AS 40.25.110, made applicable to the Alaska Energy Authority by AS 44.88.970, MEA hereby requests copies of the following Alaska Intertie documents:

1. Copies of all post-construction engineering studies.
2. Copies of all documents related to Case Nos. 3AN-86-4141 Civil and 3AN-87-84 Civil, including but not limited to documents related to the settlement agreement resolving those cases.
3. Copies of all construction documents.
4. Copies of all final design documents.
5. Copies of all preliminary design and engineering study documents.
6. Copies of all documents related Alaska Intertie right-of-way acquisition.

The above referenced list is in the priority order in which MEA would appreciate obtaining these documents. MEA understands that these records may be voluminous, and hereby requests an estimate of the cost for each item in this list. If necessary to expedite the process, MEA is willing to arrange for a copy service to perform the copying of these documents.

If you have any questions, please call me at (907) 761-9275.

Sincerely,

James L. Walker
Senior Counsel
