

MEMORANDUM

To: Board Members
Alaska Industrial Development and Export Authority

From: Alan Weitzner
Interim Executive Director

Date: May 20, 2020

Subject: AK CARES Funding Program
Resolution No. G20-18

OVERVIEW

In response to Governor Michael J. Dunleavy's Disaster Order dated April 8, 2020, AIDEA has implemented emergency regulations (3AAC 104.000 through 104.900) adopted under AIDEA Resolution G20-13 for the development of programs and regulations to address the financial hardship to small businesses in the state caused by the COVID-19 outbreak.

AIDEA initiated a Request For Proposal (RFP) on April 18, 2020 to identify a financial institution partner and develop a program structure to expeditiously implement a direct lending program for small business relief through the use of third-party funding to be arranged by AIDEA. A notice of intent to award under this RFP was issued to Credit Union 1 as a Program Operator on May 6, 2020.

While the RFP was in process, the Department of Commerce, Community, and Economic Development (DCCED) was identified as a recipient of the Coronavirus Relief Fund ("CRF") provided to the State for items that "are necessary expenditures incurring due to the public health crisis, with respect to the Coronavirus Disease 2019 (COVID-19)," as constrained by guidance released by the US Treasury on April 22 (the "Guidance"), and the May 4 Frequently Asked Questions document.

Amounts paid from the CRF are subject to the restrictions outlined in the Guidance and set forth in section 601(d) of the Social Security Act, as added by section 5001 of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). This Guidance restricts the use of the CRF for small business relief to grants. AIDEA staff, in collaboration with DCCED and Credit Union 1, restructured the AK CARES program using the CRF as a solution to expeditiously distribute DCCED directed grant funding to Alaska's small businesses impacted by the COVID-19 health emergency and unable to access or qualify for funding directly from the federal programs enacted under the CARES Act.

On May 11, 2020, the Legislative Budget and Audit Committee approved a \$289,250,000 CRF distribution to DCCED for small business relief in the form of grants. This amount may be adjusted should DCCED provide technical assistance grants to other regional entities.

AIDEA MISSION

Pursuant to AS 44.88.070, the purpose of the Authority is to promote, develop, and advance the general prosperity and economic welfare of the people of Alaska, to relieve problems of unemployment and to create additional employment by providing various means of financing and means of facilitating the financing, in cooperation with federal, state and private institutions, for enterprises including small business.

As of April 2020, the Department of Labor and Workforce Development reports 14,738 established businesses in Alaska with 1 to 100+ employees. Of this amount, close to 14,000 businesses in Alaska report having less than 50 employees. In addition, Alaska has 2,322 non-profit organizations with employees as registered with the IRS, predominately 501c(3) entities. Based on the acceptance rates for Alaska businesses in the two tranches of Small Business Administration (SBA) Payroll Protection Program (PPP), we estimate that there are over 10,000 small businesses with employees in Alaska that were unable to obtain loans before funding ran out on April 16, 2020. With the second tranche of funding to the PPP program, that number is anticipated to be closer to 5,000 – 7,000, primarily small to micro businesses and non-profit organizations with fewer than 50 employees. Based on outreach with small businesses, we estimate an average funding need by these businesses between \$30,000 and \$50,000.

This program has the potential to provide support to Alaska businesses employing over 98,000 Alaskans.

PROGRAM STRUCTURE

The program is structured as a DCCED directed grant disbursement program through an engagement agreement between AIDEA and a financial institution(s) as Program Operator(s) for grant application receipt, review, processing, funding and administration (“AK CARES” or the “Program”). AK CARES is being requested to be established in AIDEA, as an emergency program, to provide small business relief under the guidelines established with DCCED using the CRF.

Program guidelines are targeting funding toward Alaska’s established small businesses that have been impacted economically by the COVID-19 health emergency and have not been able to access the federal funding programs established under the CARES Act.

PROGRAM FUNDING

The total amount of funding dedicated to the Program will be determined by DCCED (the “Program Cap”). An initial tranche of \$150 million is proposed to be awarded to Credit Union 1 under the RFP. The RFP will remain open for another interested Program Operator(s) willing to at least match the terms of the program and allocation of additional tranches by DCCED.

AVAILABILITY

Subject to authorization of AIDEA’s Board, the Program is targeting a launch date for acceptance of applications as of May 26, 2020.

Applications for funding under the Program will be accepted from the date of Program launch until the earlier of (i) November 15, 2020, (ii) the end of the Governor's declared COVID-19 State of Emergency for the State of Alaska, or (iii) the Program Cap is reached.

The Program Operator(s) will provide funding anywhere in Alaska so that the AK CARES program shall be equitably available to benefit all regions of the State. Applications will be received on an equitable/non-preferential basis and processed in the order that they are received ("first-come, first-served" basis). Up to 20% of the Program Cap will be dedicated for Rural Communities defined to be those communities in Alaska with a population of 5,000 or less. The Alaska Demographics site will be the defining rule on rural population.

ELIGIBLE APPLICANTS

Applicants are the eligible, licensed Alaska businesses affected by the COVID-19 health emergency. Each Applicant may only make one application for funding. Alaska businesses having common ownership or member interests are not limited to apply or capped in aggregate funding due to that common ownership or member interests. Funding is based upon the actual expenses incurred by the business due to the crisis, subject to the maximum funding amount per business applicant.

For the initial \$150 million tranche, small businesses domiciled in Alaska with an Employer Identification Number (EIN) including C- corps, S-corps, Partnerships, LLCs, nonprofits (501(c)3 and 501(c)19, or sole proprietorship meeting the following criteria:

1. Have held a valid license to do business in the State of Alaska at least one year prior to the date the public health disaster emergency declaration was issued by the Governor on March 11, 2020;
2. Have on average 50 or fewer employees (verification through the Department of Labor); and
3. Applicant did not qualify, or were otherwise unable to obtain funding from U.S. Small Business Administration (SBA) Paycheck Protection Program (PPP), the SBA Economic Injury Disaster Loans (EIDL), or other federal funding programs under the CARES Act.

Exception: Applicants who have received a SBA EIDL grant for less than \$5,000 are eligible to apply. However, the amount received from the EIDL grant will be deducted from the total grant amount awarded under this program.

501(c)3 and 501(c)19 non-profit organization applicants are subject to the following additional criteria:

1. Current or 2018 IRS Form 990 on file with the IRS
2. IRS letter of determination of nonprofit status for more than 2 years
3. Directed by a voluntary board of directors or local advisory board whose majority of members are residents of the state of Alaska
4. Have provided in-state aid or service during 2 calendar years preceding the date of application

Businesses that are not Eligible Applicants include:

- Marijuana related businesses (due to Program Operator institutional restriction);
- Secondary income sources;
- Out-of-state businesses;
- Businesses with more than 50 full time equivalent employees;
- Businesses that have received funding or have an approved application for SBA's PPP or EIDL loan program;
- Businesses which have filed for bankruptcy;
- Other businesses that do not fit the eligibility criteria

ELIGIBLE EXPENSES

Subject to Section 601(d) of the Social Security Act outlined in the Guidance, the program guidelines provide that funding may be used by the applicant to meet the following COVID-19 emergency related expenses ("Eligible Expenses") incurred by the applicant business or held in arrears:

- Payroll costs and expenses;
- Payment of any short term (less than 24 months) or credit card debt incurred by the applicant to support the applicant's business during the emergency;
- Rent or mortgage payments (unless otherwise waived by lessor/lender);
- Utilities payments;
- Purchase of personal protective equipment required by the business;
- Business related equipment; and
- Expenses incurred to replenish inventory or other necessary re-opening expenses.

Funds must be expended in compliance with State and Federal law.

APPLICANT FUNDING

Grant Amount: \$5,000 to a maximum of \$100,000 per applicant business.

Subject to the cap of \$100,000 per applicant, the maximum amount of funding a business can apply for is based upon the following calculation:

1. Eligible Expenses incurred in the eight (8) weeks prior to the application date; plus
2. Eligible Expenses to be incurred over the next eight (8) weeks by the business to re-staff/re-open (subject to review and limits based on prior year's expenses during the same period).

The total amount of Eligible Expenses which cannot be funded by controlled disbursement (i.e funded directly to Applicant) will not exceed 25% of the total loan amount.

Applications will require satisfactory supporting information of Eligible Expenses to be confirmed by AIDEA's Program Operator and certifications from applicant. Program Operator will not be held liable for the accuracy or completeness of the Applicants information or certifications. Program Operator will use a controlled disbursement process, when possible, so that Program Operator can ensure that grant proceeds are used according to the defined Eligible Expenses under the Program and in compliance with the CRF Guidelines.

APPLICATION PROCESS

The Application form, including instructions and operating procedures, will be made available prior to the Program launch date on the Program Operator, AIDEA, and DCCED websites. In order to expeditiously establish the Program, applications will be received by the Program Operator through a designated, secure email channel. Applicant assistance will also be provided through a designated phone line established by the Program Operator.

Applicants will receive confirmation by return email that the application has been received and the date and time the application entered the funding queue. The Program Operator will review and verify the Applicant meets the eligibility criteria and following review, will provide notice to the Applicant that their application is (i) complete or (ii) incomplete, with notification of what information is missing. If an application is confirmed as complete and there is any further supporting information requested by the Program Operator, the Applicant will be notified and given the opportunity to provide this information within no more than three (3) days of notice while preserving their position in the funding queue. Program Operator will give consideration to technological access limitations for rural communities.

PROGRAM RATES AND FEES

There are no cost or fees paid by the Applicant. The amount of approved funding received by the Applicant will be fully applied to Eligible Expenses. To the extent the Program Operator requires a membership or account creation to facilitate funding, those costs will not be paid by the Applicant.

As similarly provided under the SBA PPP, a Program Processing Fee will be payable through the CRF by DCCED and capped at 3% on the approved grant as directed by DCCED to cover the

administrative and operational costs of the Program. The Program Operator may not collect any fees from the Applicant.

COMPLIANCE WITH CRF

Small business relief is being provided under direction for grant funding by DCCED. Confirmation of Eligible Expenses determining the amount of grant funding with CRF is required with the application prior to approval. Applicant is required to certify that all funds received will be used for Eligible Expenses and in compliance with State and Federal law.

PROGRAM AUDIT

AIDEA's RFP for Program Operator provided that the financial institution shall agree to the following:

- **Inspection:** will permit employees, agents or auditors of the Authority to inspect the business records of the bank relating to the program being administered, wherever located, during normal business hours or at any other reasonable time agreed to between the Parties.
- **Books and Records:** will keep and maintain proper books, accounts and records with respect to the programs being administered in accordance with Generally Accepted Accounting Principles. Participating bank agrees to provide reports and other financial information necessary to facilitate the tracking, reporting and auditing of the programs being administered.
- **Federal Funding:** will comply with all applicable federal and state statutes, and regulations and requirements to federal funding utilized in the programs being administered.

AIDEA and Program Operator reserve the right to audit an applicant's certified Eligible Expenses. An applicant will be required to certify that they will maintain a complete record of all transactions financed with the emergency loan proceeds for a minimum period of three (3) years from funding.

An applicant will be required to certify that they remain liable under the Program for the misuse of funds.

RECOMMENDATION

AIDEA Staff notes that this is not a standard program for the organization. However, given the significant economic impact to Alaska from the COVID-19 health emergency, the significant number of Alaska small businesses unable to receive economic relief through the federal programs, and the benefits this program as structured provides through grants to Alaska's small businesses during this crisis - we recommend approval.

RESOLUTION NO. G20-18

RESOLUTION OF THE ALASKA INDUSTRIAL DEVELOPMENT AND EXPORT AUTHORITY CREATING THE AK CARES FUNDING PROGRAM, AUTHORIZING SERVICES AGREEMENT(S) WITH PROVIDER(S) TO OPERATE THE PROGRAM, AND AUTHORIZING THE RECEIPT OF A FEDERAL CORONAVIRUS RELIEF FUND DISTRIBUTION THROUGH THE DEPARTMENT OF COMMERCE, COMMUNITY, AND ECONOMIC DEVELOPMENT FOR THIS PROGRAM

WHEREAS, on March 11, 2020, Governor Mike Dunleavy issued a declaration under the Alaska Disaster Act, AS 26.23, that a public health disaster emergency exists in Alaska with respect to the COVID-19 pandemic;

WHEREAS, on March 28, 2020, SB 241 passed the Alaska State Legislature, which extended the public health disaster emergency to November 15, 2020;

WHEREAS, the COVID-19 pandemic has caused serious economic harm to the businesses and nonprofit organizations of the State, resulting in many small businesses laying off employees and/or facing the threat of closure;

WHEREAS, Governor Mike Dunleavy signed a Disaster Order, dated April 8, 2020, directing the Authority to use its available resources to address the financial hardship to small businesses and nonprofit organizations in the state caused by the COVID-19 outbreak;

WHEREAS, the Authority has the purposes as outlined in AS 44.88.070 to promote, develop, and advance the general prosperity and economic welfare of the people of the State and to relieve problems of unemployment, among other things;

WHEREAS, pursuant to AS 44.88.070(1), the Authority may provide various means of facilitating the financing, in cooperation with federal and state institutions, of small business in the State;

WHEREAS, the federal government has adopted the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) to assist the State in responding to the COVID-19 crisis, and in particular funding the Coronavirus Relief Fund (CRF) to provide for small business relief, among other goals;

WHEREAS, in order to take advantage of the federal programs and funds to the extent possible, the Authority would like to create the AK CARES Funding Program;

WHEREAS, in order to manage and operate this new program, the Authority has solicited in accordance with its procurement regulations for a program operator, and may solicit for further providers in the future;

WHEREAS, the Governor has submitted a RPL request regarding the use of the CRF, and the Legislative Budget and Audit Committee on May 11, 2020 has approved the allocation of a portion of the CRF for small business relief through the Department of Commerce, Community, and Economic Development to be designated for the AK CARES Funding Program;

WHEREAS, the AK CARES Funding Program is an essential part of the State's expedited economic response to COVID-19, providing grants at the direction of the Department of Commerce, Community, and Economic Development (DCCED) to qualifying Alaska small businesses;

WHEREAS, DCCED has requested the Authority, as a conduit for DCCED, to facilitate the administration of the DCCED grant funds because of the Authority's role in the State to

promote, develop, and advance the general prosperity and economic welfare of the people of the State;

WHEREAS, the Authority must also agree to accept receipt of the federal funds originally part of the CRF in order to be able to facilitate the AK CARES Funding Program; and

WHEREAS, it is in the best interests of the Authority to create the AK CARES Funding Program, authorize services agreement(s) with provider(s) to operate the program, and authorize the receipt of federal funds for this program.

NOW, THEREFORE, BE IT RESOLVED BY THE ALASKA INDUSTRIAL DEVELOPMENT AND EXPORT AUTHORITY AS FOLLOWS:

Section 1. The Executive Director is authorized and directed to cause an account to be established outside of the Authority's Revolving Fund for use in operating the AK CARES Funding Program. The Authority may deposit into the new account the CRF funding, which shall only be used in the AK CARES Funding Program in accordance with all applicable rules and regulations. To the extent allowed under applicable rules and regulations, such funds may also be used to pay for administrative costs of the AK CARES Funding Program.

Section 2. The Executive Director is authorized to execute any agreement with a provider on behalf of the Authority to act as operator of the AK CARES Funding Program, with such modifications as the Executive Director, in his or her discretion, may deem appropriate.

Section 3. Staff of the Authority is authorized to undertake the activities with respect to the AK CARES Funding Program in such a manner as the Executive Director determines to be appropriate.

Section 4. The Executive Director is authorized to sign all contracts and other documents, and to take all other actions, necessary or expedient in fulfilling the purposes of this Resolution.
