AS 44.88.010(a)(4), 44.88.070(1);

WHEREAS, the mission of the Authority is to work with public and private institutions to promote, develop, and advance the general prosperity and economic welfare of the people of the state, and to create jobs, particularly in areas of high unemployment AS 44.88.010;

WHEREAS, the Ambler Road is a proposed controlled-access industrial road, contemplated by Congress in the Alaska National Interest Lands Conservation Act (ANILCA), and the preferred route for the road crosses federal lands and lands owned by the State of Alaska, NANA Regional Corporation (NANA), Doyon Limited (Doyon), and the Northwest Arctic Borough.(NWAB);

WHEREAS, the Ambler Road would be the only economic and feasible access route for nearly 600,000 acres of state mining claims filed on lands and minerals received through the Alaska Statehood Act. Alaska Statehood lands and minerals were intended to be developed and produce revenue to support state services (such as education and health and social services), provide royalties to grow the Alaska Permanent Fund, and create good paying jobs;

WHEREAS; it is in the best interest of property owners, stakeholders, and others to cooperate and agree to a non-binding Memorandum of Understanding regarding the

Ambler road.

WHEREAS, AS 44.88.080 (11) provides that AIDEA may enter into contracts or agreements with respect to the exercise of any of its powers, and do all things necessary or convenient to carry out its corporate purposes and exercise the powers granted in this chapter;
